Air Quality: Science for Solutions is holding a one-day conference emphasizing scientific progress in the understanding of Utah's complicated and unique air quality issues.

This is the first of an annual conference series organized by the University of Utah, Utah State University, Brigham Young University, Weber State University, and the Utah Division of Air Quality.

Abstracts are now being accepted for both, oral and poster presentations. Oral presentations will be 15 minutes in length followed by a five-minute question/answer period.

Topics may include, but are not limited to:

- **Air pollution chemistry and measurements**
- **Regional photo-chemical modeling**
- **Meteorological modeling and Great Salt Lake studies**
- **Air Quality and Public Health Impacts**
- **Air Quality and Regional Climate Change**
- **Emissions studies and analysis**
- **Policy, Industry and Economic Impacts**

Thanks to the generosity of our sponsors, **registration is only \$10.**
